Mocha/Chai	Rating:	3

Methodology

Agile

- Weekly meetings
    - Kanban methodology
- Continuous updates to code

Challenges

Enabling Slack/Github initially and then checking them regularly

Establishing roles

Communication between meetings

General work load (as expected)

Working with things we were pretty new at in some cases (good learning experiences)

The calendar!

What we did well

Weekly meetings

Github uploads

Straightforward communication whenever we met

Live Demo!!!
